

## Wolf Gourmet® True Temperature Electric Kettle

**Precision Temperature Control:** The Wolf Gourmet® True Temperature Electric Kettle allows users to select their preferred temperature manually or select a preset temperature for popular teas and coffees for a flawless beverage every time. With 1.5 L capacity, the kettle's digital precision controls allow you to select from a variety of preset temperatures for a range of teas including green tea, white tea, oolong tea, black/herbal tea, as well as the option to easily prepare water to be utilized for cooking, hot chocolate, cereals, soups and other favorite recipes. With a stainless-steel construction and featuring the iconic red knob, this advanced kettle offers a wide range of customizable temperature selections, from lukewarm to boiling (95°-212°F ; 35°-100°C).

**Prepare Hot Water with Care and Convenience:** The Wolf Gourmet® True Temperature Electric Kettle features an extended Keep Warm setting, allowing you to enjoy beverages long after the initial heating. The sleek, double-walled stainless-steel body keeps the exterior cool while maintaining the desired beverage temperature. Equipped with an automatic shut-off feature when heating is complete, the True Temperature Electric Kettle is designed to reach, as well as maintain, the perfect temperature based upon your preference.

**Additional Features:** The kettle is designed with an audible tone to alert when the desired temperature is reached for a convenient experience. Measure water with ease using the internal vessel markings and easily clean the Wolf Gourmet Kettle with the removable lid. The kettle also features a spout strainer for the convenience of heating water while simultaneously allowing teas and more to steep in the same vessel.
