

## WOLF GOURMET® MULTI-FUNCTION COOKER

**Six Intuitive Cooking Modes:** Versatile settings include slow cook, meal timer, sous vide, rice, and sauté/sear. Slow cook a hearty stew, sous vide rib-eye steaks, sear and braise a pork shoulder, or perfectly cook rice.

**Control:** Multiple cooking modes and precise, yet adjustable, electronic controls give cooks the flexibility to use this as a slow cooker, sous vide, rice cooker or use to sauté and sear. The Program setting allows for two different heat and time cycles in the same cooking session and includes a temperature probe function for meals cooked to your desired temperature. Meal Timer is an intelligent setting that determines the most appropriate temperature for the amount of time you program. Simply add the ingredients, set the number of hours to cook based on when you want the food to be ready, and the meal timer function automatically adjusts the heat level to prevent overcooking

**Stainless Steel Cookware:** Removable tri-ply stainless steel cookware can also be used on a gas, electric or induction cooktop. 7-quart size is ideal for both small and large meals. Cookware and glass lid are both dishwasher-safe.

Wolf Appliance, Inc., the industry's leader in premium cooking equipment, is extending its tradition of excellent standards to countertop appliances for home use. The Wolf Gourmet Multi-Function Cooker delivers Wolf's professional touches, consistent performance and outstanding quality with every use.

"We believe the gratification of cooking doesn't begin with the finished meal, but with its preparation," said Mary Beth Brault, group manager, Wolf Gourmet. "Home cooks need a versatile appliance to prepare any type of meal they envision, and with six cooking modes, the beautiful and intuitive Multi-function Cooker meets that need."
