

## WOLF GOURMET TOASTERS

- **Flexibility:** Extra-wide slots accommodate any number of bread shapes, sizes and types, including thick bagels and longer artisan breads. Self-centering bread guides ensure optimal bread placement for even toasting, regardless of bread thickness. An electronic keep-warm setting keeps toast warm, without over-toasting.
- **Precise Controls:** Dual shade-selector dials allow for precise and independent control of toast color, from light to dark. The frozen setting provides convenient and controlled one-step toasting of frozen breads, waffles, and French toast. Wolf Gourmet toasters also include a bagel setting designed to toast the inside of each slice while warming the outside.
- **Advanced Design:** Extended bread lifters enable quick, easy removal of toasted breads, and slide-out crumb trays facilitate easy cleanup. Stainless steel and die-cast construction make each toaster an attractive and durable complement to Wolf's full range of gourmet cooking appliances

## Overview

Wolf Appliance, Inc., the industry leader in premium cooking equipment, is extending its tradition of excellent cooking standards to professional-grade pop-up toasters. The Wolf Gourmet 2- and 4-Slice Toasters deliver Wolf's professional touches, consistent performance and outstanding quality with every use.

Available to consumers in both four- and two-slice configurations, Wolf toasters are packed with a full range of features designed to deliver great toast, waffles, bagels and French toast with confidence and ease.

Extra-wide bread slots accommodate a variety of bread types, shapes and sizes, while self-centering bread guides take the guesswork out of positioning thinner breads for consistently high-quality results. A wide array of setting options, including a unique keep-warm feature, a frozen bread setting, and dual shade-selection controls, offer users flexibility, convenience, and the ability to dial in desired results with precision.

"Our customers expect and deserve consistent, outstanding, results, whether they're preparing a four-course meal for 20 people or toasting a slice of artisan bread on their way out the door in the morning," said Atle Larsen, Group Brand Manager, Wolf Gourmet. "With the introduction of these new toasters, we are giving customers another expertly crafted tool to prepare appealing, delicious foods at any time and in any scale."
